

Activity 7– International Food Week

A big thank you to all the parents and children who contributed to our 'International Food Day'. It was

lovely to see and try so much food from countries across the world. The children and staff had an amazing experience and it was pleasing to hear a lot of positive feedback about the event. The teachers have also been very busy planning lessons throughout the week linked to our

International Food event. Different year groups including Year 1, 2 and 4 have been looking at where food comes from and using an atlas to locate the countries on a map. In Butterflies and Caterpillars, children were getting very creative and making

food. Year 3 were sampling some 'Stone Age' food as well. Year 5 have been looking at French food and are writing a letter to our French school about food and Year 2 drew a plate of their favourite foods on a plate and sent it to another school in France! A big thank you to all teachers and staff for all of your efforts.
