

Sandridge Primary School

Relationships and Sex Education Policy

Staff, parents and pupils were consulted in the formulation of this policy.

The policy was reviewed and ratified by the Governing Body on 21st September 2023.

This policy will be reviewed in full by the Governing Body every two years.

It will be reviewed September 2025.

Purpose and Reasoning

Sandridge School believes that Relationships and Sex Education in our school will be developmental and a foundation for further work undertaken in secondary school. It forms part of the overall provision for Personal, Social and Health Education within the school. All schools must provide a curriculum that that is broadly based, balanced and meets the needs of all pupils.

Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum should:

- promote the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- prepare pupils at the school for the opportunities, responsibilities and experiences of later life.

Personal, Social and Health Education

At Sandridge we teach PSHE as a whole school approach to underpin pupils' development as people and because we believe that this also supports their learning capacity.

The **Jigsaw Programme of Work** offers our pupils a comprehensive and carefully thought out scheme of work that provides consistency and progression to their learning in this important area of the curriculum. It also supports the 'Personal Development' and 'Behaviour and Attitude' aspects required under the Ofsted inspection framework as well as significantly contributing to our safeguarding and equalities duties, British Values and the Spiritual, Moral, Social and Cultural (SMSC) development opportunities we provide for our pupils.

Aims and Objectives

Statutory Relationships and Health Education

'The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education. They also make Health Education compulsory in all schools except independent schools.' DfE guidance, p8.

The school will work towards this aim in partnership with parents.

Sex Education

The DfE guidance 2019 (p23) recommends that all primary schools *'...have a sex education programme tailored to the age and the physical and emotional maturity of the pupils. However, sex education is not compulsory in primary schools.'*

Schools are to determine the content of sex education at primary school. Sex Education *'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the National Curriculum for Science – how a baby is conceived and born.'*

At Sandridge School we believe pupils should understand the facts about their own body parts and human reproduction before they leave our school.

We define Sex Education as knowing the names of the parts of the human body relating to sexual reproduction, understanding the body changes that happen for boys and girls during puberty and understanding human reproduction.

Sex Education will be delivered using **Christopher Winter lesson plans and resources**.

Organisation and Delivery

The Sex and Relationships programme will be co-ordinated by the Headteacher and SLT in close co-operation with the teaching staff and will be delivered as discrete planned units in their own right. Various strategies and techniques will be implemented (see Appendix 1).

The programme of work is in Appendix 2.

Equality

This policy will inform the school's Equality Plan.

The DfE guidance 2019 states, 'Schools should ensure that the needs of all pupils are appropriately met and that all pupils understand the importance of equality and respect. Schools must ensure they comply with the relevant provisions of the Equality Act 2010 under which sexual orientation and gender reassignment are amongst the protected characteristics.'

Equal Opportunities and Special Educational Needs

We are committed to working towards equality of opportunity in all aspects of school life. We will ensure that the programme of work is adapted and differentiated for all pupil ability groups, including those with any special educational and/or additional need.

Respect

At Sandridge School, we promote respect for all and value every individual child and adult in our school. We also respect the right of our pupils, their families and our staff, to hold their own beliefs and values, religious or otherwise. Teachers will not impose their own opinions on the children and we will be respectful of each child's own cultural and religious beliefs and values.

Right to withdraw children from lessons

'Parents have the right to request that their child can be withdrawn from some or all of sex education delivered as part of a statutory Relationships and Sex Education' (DfE guidance p17).

Parents wanting to exercise this right will be invited to see the Headteacher who will discuss any impact that withdrawal may have on the child.

Answering difficult questions

Teachers will agree ground rules with pupils before teaching RSE. Questions do not have to be answered directly and can be addressed individually later if this is deemed more appropriate. There will be opportunities for pupils to ask questions anonymously via a question box in the classroom.

Child Protection

The school has a Child Protection Policy which is followed by all staff. If any member of staff believes that a child is at risk or in danger, they will speak with the Designated Safeguarding Lead/Headteacher who will decide if there is a Child Protection issue.

Monitoring and Evaluation

The programme will be monitored to ensure it continues to meet the needs of all our pupils. All those involved in developing, delivering and receiving the programme will be consulted. All will be given the opportunity to comment on the programme and express their views. The policy will be reviewed annually.

RSE teaching techniques

In order for teachers to overcome embarrassment and anxieties it is important to:

- have a clear lesson plan with specific learning objectives
- establish ground rules with their pupils
- use 'distancing' techniques
- provide a variety of structured interactive tasks
- know how to respond to unexpected or unwelcome questions or comments from pupils
- utilise discussion methods
- encourage reflection
- make explicit the need to respect differences

Suggested ground rules

- No-one will have to answer a personal question
- Personal questions specifically aimed at embarrassing another will be discouraged
- No one will be forced to participate in a discussion
- Only the correct names for body parts will be used and if slang words are used they will be explained
- Meanings of words will be explained clearly and factually
- Respect for differences between pupils will be maintained

Distancing techniques

By depersonalising discussions, embarrassment can be avoided and privacy protected.

Suggested techniques:

- role play
- structured pre-planned debates
- games and quizzes
- case studies with invented characters
- slides and animation material
- anonymous question boxes allowing pupils to write a question and allowing the teacher to filter any question which raises any age appropriate issues or questions

RSE SCHEME OF WORK: EYFS - YEAR 6

EYFS

HEALTH EDUCATION <i>typically taught in Spring 2</i>	RELATIONSHIPS EDUCATION <i>typically taught in Summer 1</i>	SEX EDUCATION <i>typically taught in Summer 2</i>
<p>EVERYBODY'S BODY Talking about why things happen and how things work. Develop an understanding of decay, growth and changes over time. Observe the effects of activities on their bodies. Understand that tools and equipment have to be used safely.</p> <p>WE LIKE TO MOVE IT MOVE IT! Understanding that good practice with regard to exercise, eating, sleeping and hygiene can contribute to good health. Talk about ways to keep healthy and safe. Manage their own basic hygiene and personal needs successfully, including dressing and going to the toilet independently.</p> <p>FOOD GLORIOUS FOOD Discuss eating a range of healthy food stuffs and the need for a variety of food.</p> <p>SWEET DREAMS Can tell adults when hungry or tired or when they want to rest or play.</p> <p>KEEPING CLEAN Can usually manage washing and drying hands.</p> <p>*Most objectives will be revised during each unit.</p>	<p>MY FAMILY AND ME To be able to show affection or concern for people who are special to them. To separate from their main carer with support and encouragement from a familiar adult. To be confident to talk to other children when playing and communicate freely about home and community. Children are confident to try new activities and say why they like some more than others.</p> <p>MAKE FRIENDS, MAKE FRIENDS, NEVER EVER BREAK FRIENDS! Be interested in others' play and start to join in. To form a special relationship with another child. To be able to play in a group, extending and elaborating ideas. To be able to initiate play, offering cues to peers to join in. To demonstrate friendly behaviour, initiating conversations and forming good relationships with peers and familiar adults. Play cooperatively, taking turns with others. Show sensitivity to others' needs and feelings.</p> <p>FALLING OUT AND BULLYING To be aware that some actions can hurt or harm others. To be able to understand and co-operate with some boundaries and routines. To understand that own actions affect other people. Be aware of behavioural expectations of the setting. Talk about how they and others show feelings, talk about their own and others' behaviour, its consequences, and know that some behaviour is unacceptable. Adjust their behaviour to different situations and take changes to their routine in their stride.</p>	<p>MY BODY (N&R) Naming all the different body parts that go together to form a whole body, why they are important, talking about the senses</p> <p>RESPECTING MY BODY (N) Learning about how to keep our bodies healthy e.g sport, exercise (R) Going over learning about keeping healthy from previous year, looking at healthy foods and how they make us feel/affect our bodies</p> <p>GROWING UP What do babies do? What do they need? How are we different from a baby? How have we changed? What can we do now that we couldn't do as a baby?</p> <p>GROWTH & CHANGE Seeds, how seeds grow, different stages of plant growth (link to human changes)</p> <p>FUN & FEARS Talking about feelings, who to go to for help, noticing the feelings of others, expressing feelings, overcoming fears and worries, who to go to for help, comfort, support</p> <p>CELEBRATION Favourite things about the year / successes</p>

YEAR 1

HEALTH EDUCATION <i>typically taught in Spring 2</i>	RELATIONSHIPS EDUCATION <i>typically taught in Summer 1</i>	SEX EDUCATION <i>typically taught in Summer 2</i>
<p><u>LEARNING INTENTIONS</u></p> <p>Being Healthy: understanding the difference between being healthy and unhealthy and know ways to keep oneself healthy.</p> <p>Healthy Choices: know how to make healthy lifestyle choices.</p> <p>Clean And Healthy: know how to keep clean and healthy, understand how germs cause disease/illness. Know all household products including medicines can be harmful if not used properly.</p> <p>Medicine Safety: understanding that medicines can help them if they feel poorly and know how to use them safely.</p> <p>Road Safety: know how to keep safe when crossing the road and about people who help them to keep safe.</p> <p>Happy, Healthy Me: say why the body is amazing and identify ways to keep it healthy and safe.</p> <p><u>VOCABULARY:</u> healthy, unhealthy, balanced, exercise, sleep, choices, clean, body parts, toiletry items e.g toothbrush, shampoo, soap, hygienic, safe, medicines, trust, Green Cross Code, eyes, ears, look, listen, wait,</p>	<p><u>LEARNING INTENTIONS</u></p> <p>Families: identifying members of my family and understand that there are lots of different types of families.</p> <p>Making Friends: identify what being a good friend means to me.</p> <p>Greetings: knowing appropriate ways of physical contact to greet my friends and know which ways I prefer.</p> <p>People Who Help Us: know who can help me in my school community.</p> <p>Being My Own Best Friend: recognising my qualities as person and friend.</p> <p>Celebrating My Special Relationships: being able to say why I appreciate someone who is special to me.</p> <p><u>VOCABULARY:</u> family, belong, different, same, friends, friendship, qualities, caring, sharing, kind, greeting, touch, feel, texture, like, dislike, help, helpful, community, feelings, confidence, praise, qualities, skills, self-belief, incredible, proud</p>	<p><u>LEARNING INTENTIONS</u></p> <p>To understand some basic hygiene principles.</p> <p>To know how to keep clean and look after oneself.</p> <p>To introduce the concept of growing and changing.</p> <p>To understand that babies become children and then adults. To know the difference between boy and girl babies.</p> <p>To explore different types of families and who to ask for help from.</p> <p><u>VOCABULARY:</u> clean, similar, different, family, boy, girl, male, female, private parts, penis, vagina</p>

YEAR 2
